

Application Process

- **Who may apply?**

Applications are to be completed by the superintendent or immediate district-level supervisor of the corporation in which the principal is employed. Any individual who is currently employed as a public school principal in the state of Indiana is eligible for nomination. Priority is given to principals with three or more years of experience. Assistant principals, deans, department chairs, or other central office personnel are not eligible for IPLI.

- **How will the applications be reviewed and scored?**

The IPLI Director, along with a committee of mentors, an Advisory Board member, and a Leadership Team member will review the responses in each application. The applications will be reviewed so as to create a diverse group of principals, representing a wide range of student performance levels, demographics, and state regions.

- **Apply at www.indianapli.org**

Starting **November 22, 2021**

- **Questions?**

Contact the IPLI Program Coordinator, Madison Gruenert at madison.gruenert@indstate.edu, 812.237.2932

- Information about becoming an **IPLI Mentor** will be available starting November 22, 2021, at www.indianapli.org

Cohort 9 Summer Seminar, July 6, 2021

Corporation Commitment

A one-time financial contribution of \$1000 from the school corporation will provide motivation to the principal to participate with fidelity and integrity, as well as demonstrate corporation willingness to support the principal.

Principals participating in the two-year program agree to a number of commitments, including attendance at all seminars and focus-cohort meetings. Nominating a principal implies the superintendent and school board believe their principal has the potential to improve his/her school and are willing to provide the support necessary for change to occur.

Great Principals, Great Schools

Our Approach

IPLI is a two-year institute designed to address the professional needs of Indiana principals with an emphasis on student success. During the first year, the Institute will focus on increasing a principal's leadership capacity to address the current needs of his/her school in areas such as teacher evaluation models, student performance, community involvement, and shaping a strong school culture.

Near the mid-point of the first year, discussions will begin to shift toward building-level dynamics. While the focus will never be completely away from the individual principal, the interaction of personal and organizational capacities and goals will be addressed. A Personal Improvement Plan and a School Improvement Plan will be developed and continually revised throughout the two-year Institute.

Participation Includes:

- **Mentoring by trained, highly-qualified mentors;**
- **Regional monthly focus-cohort meetings;**
- **Five seminars featuring nationally-recognized educational leaders including Nancy Dana, Todd Whitaker, Nate Regier, Phil Warrick, Annette Breaux and Tammy Heflebower;**
- **Access to resources to support the needs of principals and their schools including Marzano High Reliability Schools Network;**
- **Membership in the Indiana Association of School Principals;**
- **Registration for the IASP Fall Professionals Conference;**
- **An opportunity to enroll in 12 graduate credits toward the Indiana State University Educational Specialist's program at a significantly reduced tuition rate; and**
- **45 Professional Growth Points (PGP) for each year of participation.**

Our Mentors

Approximately 50-60 principal participants will comprise each annual institute cohort. Regional focus-cohorts of 4-6 participants will be created, guided by mentors who have demonstrated successful school leadership, chosen with the help of the Indiana Association of School Principals.

Dr. Michael Fullan to present at July 13, 2022, Cohort 10 Seminar.

Dr. Nate Regier will be the September 21, 2022, speaker for Cohort 10.
